### Midterm Exam Schedule for Fall, 2018

**NOTE:**

\* The Exam Start Time is when you are expected to be at the correct location for your exam. You may have to wait in the hallway for a few minutes once you arrive, please do so **quietly**. You will receive the full time listed in Exam Length (Hours) to write your exam.

\* Out of respect for students in other classrooms please refrain from showing up at exams more than 5 minutes early, quietly waiting to enter the room and be sure to clear the area quickly and quietly after you've finished your exam.

\* Please advise Rachell Acebo in P414 of any **exam conflicts** at least one week prior to your exam to allow time for alternate arrangements to be made. Notification after this time may result in the student having to make a choice as to which exam they will write.
